

UNIVERSAL COLOURS
Invitation

UNIVERSAL COLOURS

Invitation

Dear friends,

artists, media representatives, collectors and art enthusiasts,

The art magazine **Universal Colours** in collaboration with **Vegas Gallery** invites you to attend our first appearance/intervention to the art scene of London launch party.

Universal Colours magazine was first published on 1997 the same year the European Union Migrant Artists Network EU-MAN was established. The first issue was a four pages leaflet printed with a normal computer printer and distributed personally, the second issue increased to eight pages and on year 1999 the magazine made its first step moving to a print house and increasing to 32 full colour pages. Since then the magazine has developed in every sense, a modern and artistic lay-out, exclusive printing including techniques like fifth colour and a distribution that covers all Europe.

Universal Colours in its pages presents works, exhibitions and portraits of immigrant artists from all around Europe focusing in both, their roots and their indignation in their new life. The variety of subjects and the rich contents of the magazine have become reference and inspiration for institutes, organizations, museums and art galleries all around Europe while subjects of the magazine have become the centre for debates and discussions among experts regarding the multicultural European art life and future.

Universal Colours aims into becoming a field of communication and promotion of immigrant artist while helping for a better understanding of their origins and influences and their effects to integrate. Finally aims to become a legitimate reference to universities, organizations and scholars regarding immigrants' arts and their movements in Europe.

The launch party will start at 17:00 PM on the 4th of February 2010

at Vegas Gallery, 42 Vyner Str. London E2 9DQ

Your presence is very important to our movement and to our increasing community.
